New Style, New Ideas.

VX510 15″ LCD Display—A Refreshing New Look for the Desktop

ViewSonic VX510 brings high style to the flat panel display. An elegant silver and black housing sets an upscale tone to your home or office, and the small footprint of the specially designed floating base saves desk space. The 15.0" color TFT LCD delivers a super-fast 25ms response time and offers a wide viewing angle that is perfect for viewing movies. The latest generation ViewSonic OSD function prevents unintentional adjustment of your screen settings. sRGB color management guarantees accurate colors from screen to printout.

The ViewSonic VX510: designed for style, made with precision, and ready to inspire new ideas.

OptiSync™ Technology

This multi-mode input technology supports both analog video (VGA) and direct-digital input (DVI) for superior image quality. The digital interface delivers optimized image quality with minimum adjustment for ultimate configuration flexibility.

VX510 15" LCD Display

Model No :VS10090

- 15.0" Viewable Area
- 1024 x 768 Maximum Resolution
- sRGB Color Management

  The sRGB color management chip technology ensures color accuracy from screen to print when used with other sRGB-compliant peripherals.

- AutoTune™ Function

  Provides the best image by monitoring signals from the computer and automatically optimizing the monitor settings.

- OSD/Power Lock Function

  When activated, the user-controlled OSD/Power lock function prevents changes to monitor settings, maintaining an optimized image.

- TCO'99 and Energy Certified
- Best Service & Support

  At ViewSonic, we are devoted to customer satisfaction. We strive constantly to understand your interests and concerns, and treat you with respect, courtesy and consideration. For the warranty information, please contact your local ViewSonic distributor or ViewSonic service center.
